| GROUP: 00 | NO: 108 | ISSUING DEPARTMENT: Warranty | CAR MARKET: United States | |
| REVISIONS: Supersedes version dated 8/5/2019 R134A part number has been updated | | | ISSUE DATE: 2019-08-05 | STATUS DATE: 2022-03-28 |
| | | | Page 1 of 2 | |

“Right first time in Time”

Please Note: The part number for R134A has been updated effective March 1, 2022.

The most current Expendable Items parts list is provided below.
Retailers should only use a Volvo part number on claims for items purchased directly from Volvo.
Failure to follow this policy will result in claim adjustments.

Warranty reimbursement rates and quantity limits for the parts listed, with the exception of the oil part numbers, Wynn’s Airco-clean, R134A and R1234YF are set by Volvos Parts Department and based on the pricing in effect on the repair date. ***For the most current pricing retailers must refer to the parts system.***

Reimbursement rates for oil part numbers, Wynn’s Airco-clean, R134A and R1234YF are set by the Warranty Department. Updated parts pricing for these parts are provided via a Warranty CPI.

ENGINE OIL SPECIFICATIONS

2012 and prior model year vehicles

Engine oil must meet the minimum ILSAC specifications GF-4, API SL, or ACEA A1/B1. Lower quality oils may not offer the same fuel economy, engine performance or engine protection.

2013 – 2018 model year vehicles

Only full synthetic oil meeting ACEA A5/B5 (5W-30) requirements should be used. Lower quality oils may not offer the same fuel economy, engine performance or engine protection.
Volvo recommends Castrol.

Service Manager Bulletin 00-108

2019 and later model year vehicles

Only Castrol synthetic **0W-20** oil used in any engine repair or service will be reimbursed by Volvo. Lower quality oils may not offer the same fuel economy, engine performance or engine protection.
