SUBJECT: **Customer Satisfaction Program 20N04 – Supplement #1**
 Certain 2017 through 2019 Model Year F250/350 4x4 and all F450/550 Vehicles
 Steering Linkage Damper Replacement

REF: **Customer Satisfaction Program 20N04**
 Dated: April 30, 2020
 TSB 19-2392

New! REASON FOR THIS SUPPLEMENT

- *Owner Notification: Some owners of affected vehicles were not included in original mail notifications. Owner notifications are being mailed to these owners, advising their vehicle is included in the program.*

New! PROGRAM TERMS

This program extends the warranty coverage of the steering linkage damper to 7 years of service or 100,000 miles from the warranty start date of the vehicle, whichever occurs first.

This is a one-time repair program.

If a vehicle has already exceeded either the time or mileage limits, this extended warranty coverage will last through October 31, 2020. *Owners of vehicles not included in the original mail notification, receiving a letter with their printed VIN, and dated June 2022, will have extended warranty coverage through December 31, 2022.*

Coverage is automatically transferred to subsequent owners.

Note: Prior to December 31, 2022, if the customer doesn't have a June 2022 notification letter and their vehicle is beyond 7 years of service or 100,000 miles from the warranty start date, contact the SSSC to verify if the VIN was in the June 2022 mailings.

VEHICLES COVERED BY THIS PROGRAM

Vehicle	Model Year	Assembly Plant	Build Dates
F-250 – F-550	2017-2019	Kentucky Truck	October 8, 2015 through November 3, 2019
F-250 – F-550	2017-2019	Ohio	February 5, 2016 through November 13, 2019

Affected vehicles are identified in OASIS.

REASON FOR PROVIDING EXTENDED WARRANTY COVERAGE

In some of the affected vehicles, customers may experience sustained steering wheel oscillation after hitting rough pavement or an expansion joint at speeds typically above 45 mph (72 Km/h).

SERVICE ACTION

If an affected vehicle exhibits this condition, dealers are to replace the steering linkage damper. This service must be performed at no charge to the vehicle owner.

New! OWNER NOTIFICATION MAILING SCHEDULE

Owner Letters started mailing the week of May 11, 2020. *Owners of vehicles not mailed in the original notifications will begin mailing the week of June 20, 2022.* Dealers should repair any affected vehicles that experience steering wheel oscillation, whether or not the customer has received a letter.

OASIS ACTIVATION

OASIS was activated on September 30, 2020.

Note: Prior to December 31, 2022, if the customer doesn't have a June 2022 notification letter and their vehicle is beyond 7 years of service or 100,000 miles from the warranty start date, contact the SSSC to verify if the VIN was in the June 2022 mailings.

FSA VIN LISTS ACTIVATION

FSA VIN Lists will not be activated for this service action.

SOLD VEHICLES

- Only owners with affected vehicles that exhibit the covered condition will be directed to dealers for repairs.
- Dealers are to prioritize repairs of customer vehicles over repairs of new and used vehicle inventory.

STOCK VEHICLES

Do not perform this program unless the affected vehicle exhibits the covered condition.

TITLE BRANDED / SALVAGED VEHICLES

Vehicles with cancelled warranties are not eligible for this service action.

New! OWNER REFUNDS

- Ford Motor Company is offering a refund for owner-paid repairs covered by this program if the repair was performed before the date of the Owner Notification Letter. This refund offer expires October 31, 2020. *Owners of vehicles not included in the original mail notification, receiving a letter with their printed VIN, and dated June 2022, will have until December 31, 2022.*
- Dealers are also pre-approved to refund owner-paid emergency repairs that were performed away from an authorized servicing dealer after the date of the Owner Notification Letter. Non-covered repairs, or those judged by Ford to be excessive, will not be reimbursed.
- Refunds will only be provided for the cost of the steering linkage damper and labor to install it. Additional parts and labor are not authorized for refund.

RENTAL VEHICLES

The use of rental vehicles is not approved for this program.

SERVICE PROCEDURE

NOTICE: Suspension fasteners are critical parts that affect the performance of vital components and systems. Failure of these fasteners may result in major service expense. Use the same or equivalent parts if replacement is necessary. Do not use a replacement part of lesser quality or substitute design. Tighten all fasteners as specified in the WSM.

1. If a customer reports steering oscillation, replace the steering linkage damper. Please follow the Workshop Manual (WSM) procedures in Section 211-03.

NOTE: If inspecting the steering drag link and tie rods, by design there will be 1-2 mm of vertical movement when pushing on or rotating the drag link and tie rod ends. This movement is characteristic due to the internal spring design and parts should not be replaced for this normal condition. Refer to the WSM procedures in Section 211-03 for additional information.

IMPORTANT NOTE: Federal law prohibits selling motor vehicle parts or components that are under safety, compliance, or emissions recall. Unless a part is requested to be returned to Ford, all parts replaced under this FSA must be scrapped in accordance with all applicable local, state and federal environmental protection and hazardous material regulations. Refer to the Parts Retention, Return, & Scrapping section of the FSA dealer bulletin for further information.

Mr. John Sample

May 2020

Your Vehicle Identification Number (VIN): 12345678901234567

At Ford Motor Company, we are committed not only to building high quality, dependable products, but also to building a community of happy, satisfied customers. To demonstrate that commitment, we are providing a no-charge Customer Satisfaction Program for your vehicle with the VIN shown above.

Why are you receiving this notice?

We are pleased to let you know that, for your peace of mind, Ford Motor Company is extending the warranty coverage on the steering linkage damper to a total of 7 years or 100,000 miles from the warranty start date, whichever occurs first.

What is the effect?

A redesigned steering linkage damper is now available for vehicles that experience sustained steering wheel oscillation after hitting rough pavement or an expansion joint at speeds typically above 45 mph (72 Km/h). If your vehicle has already exceeded either time or mileage limits listed above, this extended warranty coverage will last through October 31, 2020. Coverage is automatically transferred to subsequent owners.

What will Ford and your dealer do?

If your vehicle experiences sustained steering wheel oscillation after hitting rough pavement or an expansion joint at speeds typically above 45 mph (72 Km/h) due to the steering linkage damper, and your vehicle is within the indicated time/mileage limitations, Ford Motor Company has authorized your dealer to replace the steering linkage damper with a redesigned part free of charge (parts and labor). This is a one-time repair program.

How long will it take?

If the component mentioned above requires replacement, the time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. Additional time may be required to allow the engine to cool prior to performing this repair. In addition, your vehicle will/may require an inspection to determine if parts need to be ordered.

What should you do? You do not need to return to your dealer for this repair unless you have experienced sustained steering wheel oscillation after hitting rough pavement or an expansion joint at speeds typically above 45 mph (72 Km/h). Please keep this letter as a reminder of the extended warranty coverage for your steering linkage damper. If the steering linkage damper requires replacement, and your vehicle is within the indicated time/mileage limitations, contact your dealer to schedule a service appointment. Provide the dealer with the VIN of your vehicle to schedule a service appointment for Customer Satisfaction Program 20N04. The VIN is printed near your name at the beginning of this letter. Your dealer will replace the part at no charge. If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions. NOTE: You can receive information about Recalls and Customer Satisfaction Programs through our FordPass App. The app can be downloaded through the App Store or Google Play. In addition there are other features such as reserving and paying for parking in certain locations and controlling certain functions on your vehicle (lock or unlock doors, remote start) if it is equipped to allow control.

**COVID-19
(CORONAVIRUS)**

Ford dealerships have implemented enhanced protocols to ensure both your safety and the safety of dealership employees. This includes specific procedures for cleaning and disinfecting customer vehicles before and after each vehicle is serviced. In most places, vehicle service has been deemed a critical service. Please contact your local dealer to confirm current service hours. For more information on how Ford and your local dealer are working hard to keep you on the road during these challenging times, please visit owner.ford.com.

**Have you previously
paid for this repair?**

If you paid to have this service done before the date of this letter, you may be eligible for a refund. Refunds will only be provided for service related to repair description. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer before October 31, 2020. To avoid delays, do not send receipts to Ford Motor Company.

**What if you no longer
own this vehicle?**

If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner. You received this notice because our records indicate that you are the current owner.

**Can we assist you
further?**

If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership's Service Manager for assistance. **RETAIL OWNERS:** If you have questions or concerns, please contact our **Ford Customer Relationship Center at 1-866-436-7332** and one of our representatives will be happy to assist you.
