

GPOP - Issue Review System

Part Number: 68490113A\$

Part Description: COOLER, EGR

Issue Description: If you are replacing the high pressure EGR cooler (p/n 68490113A\$) for a suspected internal coolant leak that was detected by wetness in the EGR pipe or valve, please perform proper cooling system pressure test first to verify the leak. Refer to all published service information regarding Cooling Diagnosis and Testing (LEAK TESTING) before proceeding.
