Subject:	Motorcycle Sales

**TOL NOTICE (US) – July 13, 2022**

**TOL Ref. # 21938-MCS**

## CALIFORNIA PROP 65 REGULATION REMINDER

As a reminder to dealers, in September 2018 a new state law went into effect in California requiring dealers to include and display a warning *with each new motorcycle manufactured after August 31, 2018*. All model-year 2019 and newer motorcycles supplied by Triumph now include this new warning in the form of a hang tag. In California, the hang tag must always be displayed on the motorcycle in the showroom.

*Note: This regulation applies only in California.*

Dealers outside of California are welcome to leave the hang tag in place but may remove it if desired. All California Triumph dealers are required to always display the hang tag on new unsold motorcycles to comply with regulation.

Hang tags should remain attached to the motorcycle at the point of handover to the customers. Customers should remove hang tags from motorcycles themselves (they should not be removed by the dealer). Customers should be encouraged to keep the hang tag and not simply hand it back to the dealer. ***The new hang tags are not required on any motorcycles manufactured before August 31, 2018, and they are not required for any used or demo motorcycles regardless of manufacture date.***

**Retail sales into California by non-California based Triumph dealers.**

It is recommended that non-resident dealers include the Prop 65 hang tag on any new motorcycles sold / delivered to Californian residents.

**Retail sales out of California by California based Triumph dealers.**

It is recommended that California dealers include the Prop 65 hang tag on any new motorcycles sold / delivered to customers residing outside of California.

Additional hang tags can be ordered via EPC using part number **T3900530**.

If you have any additional questions, please contact Triumph Customer Support at (888) 284-6288.
