

# Technical product information

<b>Topic</b>	All Vehicle Variants - Spurious DTC List
<b>Market area</b>	Bentley: worldwide (2WBE)
<b>Brand</b>	Bentley
<b>Transaction No.</b>	2053177/18
<b>Level</b>	EH
<b>Status</b>	Released for publishing
<b>Release date</b>	07-Nov-2022

## New customer code

Object of complaint	Complaint type	Position
vehicle service -> vehicle diagnosis -> guided fault finding	control units, services -> with event log entry	

# Vehicle data

## All vehicle variants

## Documents

<b>Document name</b>
<a href="#">master.xml</a>

## Customer statement / workshop findings

Customers will not be aware of any fault codes

Workshop may discover spurious fault codes whilst running a Diagnostic Trouble Code (DTC) log as part of other investigations on the vehicle

## Technical background

The operative should refer to the Bentley Hub referencing TPI 2053177/-

The document (loaded onto the Hub) contains all of the current known Spurious DTC's for all vehicle variants

Should a particular TPI be listed as Archived, the TPI can no longer be viewed within Elsa pro, in this case please refer to the instructions within TPI 2053177/- regarding the DTC description and actions which should be conducted (if any)

## Production change

Not applicable

## Measure

During routine diagnostic interrogation of vehicle systems use the document (loaded onto the Hub) to determine the course of action to be taken
