Maserati VSRC

MESSAGE FOR DEALERS

Dear Maserati authorized dealership,

As part of yearly On-Board Diagnostic (OBD) certification and compliance requirements administered by the state of California, Maserati must gather OBD performance data (IUMPR) from customer vehicles in Southern California within the first year of operation. As part of this testing, representatives from Maserati's selected supplier (IAV), and their sub supplier (Nedkov Engineering) may reach out to local dealerships to locate vehicles for data acquisition and may request short term (30 minutes) access to connect to vehicles onsite. Any and all cooperation with the process would be much appreciated by Maserati. For any questions you may have on the program or to offer your assistance, the IAV and Nedkov Engineering contacts are:

Prasanna Venkatesh prasanna.venkatesh1@external.stellantis.com (248) 444-0378

Detelin Nedkov/Victor Escudero: detelin.nedkov@external.stellantis.com, detelin.nedkov@gmail.com (424) 522-6196

You may also contact me if you have questions about the program:
