TOL NOTICE (US&CA) – February 20, 2023   **TOL Ref. #23607-SVC**

TRIUMPH DIAGNOTSTIC TOOL 2023-01 UPDATE

Diagnostic software version **2023-01** is now available to download and update your workshop PC.

There are many updates related to multiple models. Please see Triumph Diagnostic Tool (TDT) Notes attached for more information. Some of the updates include.

- Diagnostic and Download support added for the new KTKS-UDS Engine ECM fitted to new Street Triple Models.

- Engine ECM Download process updated for models fitted with a Euro 5 (KTKS) engine ECM onwards.

- Cloud Based Version Control System Launched

- Keyless ECM downloads (and Chassis ECM downloads for Tiger 1200 XR and XC models) – The Ignition ON/OFF   instructions have been removed from the download process as they are no longer required.

Please download (from the Triumph Diagnostic Software page under the Service/Technical menu) today and commence using with immediate effect.

Please Ensure:

- **All new bikes have the latest software downloaded at PDI.**

- **The latest software is downloaded on all bikes being serviced.**

- **ALL RELEVANT STAFF ARE INFORMED OF THIS UPDATE. (Remember to update those returning from holidays/absence)**

The release notes are stored and available to download at any time from the dedicated TDT page within TOL.

If you have any additional questions, please contact Triumph Customer Support at (888) 284-6288.
