## **GPOP - Issue Review System**

**Part Number:** 05184294A\$, 68105583A\$, 68308741A\$, 68310865A\$, 68365925A\$,  
68365931A\$

**Part Description:** ADAPTER, Engine Oil Filter (Pentastar V6)

**Issue Description:** For all 2014MY replace the Oil Filter Adapter (OFA). For any other MY (with mileage above 30,000) review and follow instructions from STAR Online S1809000007 REV. C available on Dealer Connect. Also, consider the following:  
1) Remove OFA 2) Replace only the oil inlet O-ring and gaskets (seals kit in SOL above). 3) Re-install the OFA. For 2023MY and beyond use black O-ring. For 2022MY and prior use red O-ring. Note:  
When replacing OFA, it may be necessary to transfer the Oil Temp/Pressure Sensor from the old OFA to the new OFA.
