

11L Engines, Non-Common Rail - Air Compressor Coolant Pipe, Substitution - US14+OBD13 To US14+OBD16

Internal Content

Daniel Effland

Requested 4/11/2023

Review W2319, stock expected then.

If a vehicle with a non-common rail 11 liter US14 emissions engine (US14+OBD13 to US14+OBD16) requires replacement while part 21921249 is out of stock, follow the information below.

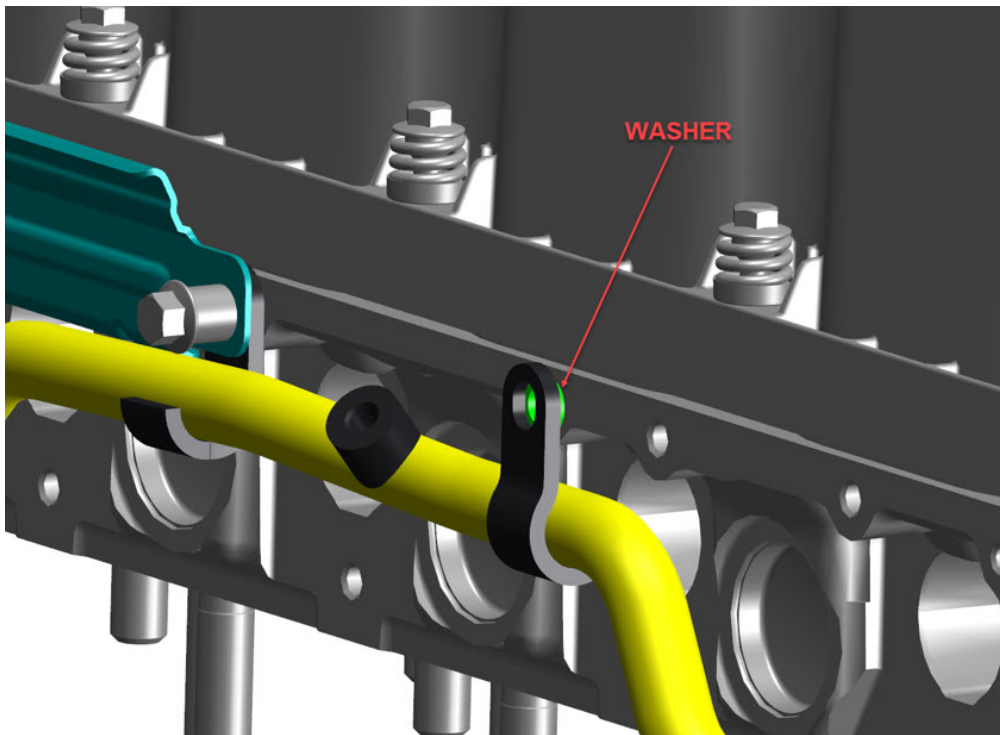

Parts

Part Number	Description
23110352	Air compressor coolant pipe, current production
60113311	Spacer, 2mm thickness

Procedure

If part 21921249 is out of stock, use part number 23110352, the pipe for current production engines. In addition, a spacer (60113311) should be added to the pipe holddown as shown below.
