

## **SSM 51673**

### **2021-2023 Bronco - Trailer Connected Message Displayed In The IPC When No Trailer Is Connected - Workshop Manual Updates**

Some 2021-2023 Bronco vehicles may exhibit a warning message displayed in the instrument panel cluster (IPC) that there is a trailer connected to the vehicle when no trailer is connected. The Workshop Manual (WSM), Section 417-01 > Trailer Lamps, has been updated with Pinpoint Test (PPT) J - Message Center Displays An Incorrect Trailer Message
