1998 - 2002 Passat with Bosch 5.3 ABS Control Module – ABS Coding Tables

November 16, 2012: Update to information

To code a Bosch 5.3 ABS control module, use Vehicle Self-diagnosis to enter the correct coding value from the tables below. Note that the first table is only applicable to 2.8L V6 equipped vehicles WITHOUT a CAN-Bus. All 1.8L Turbo vehicles and those 2.8L V6 vehicles that are equipped with a CAN-Bus should use the second table.

Coding Table for ASR control modules without CAN-Bus

Engine	Transmission Type	Code
2.8L V6	Manual	00000
	Automatic	00003

Coding Table for ASR control modules with Can-Bus

Engine	Transmission Type	Coding
2.8L V6	Automatic	00031
	Manual	00032
1.8L Turbo	Automatic	00021
	Manual	00022

Note: 4Motion vehicles or vehicles without ASR are **NOT** coded.
