

WINDSHIELD CLEANING PASTE USAGE

Customer Voice:

- The wiper blades streak, smear, judder or squeak during operation.

Technical Description:

- The build-up of road film deposits on the windshield glass can affect windshield wiper performance.

Status:

- The windshield glass should be cleaned with JLR windshield cleaning paste prior to replacement of wiper blades when addressing wiper blade performance concerns.
- Please refer to the **Workshop Manual section 501-16: Wiper and Washers > Diagnosis and Testing > Screen Cleaning Paste Windshield Cleaning Procedure.**
