Replacement Certification Labels and VIN Plates

SUPERSESSION NOTICE

The information contained in this bulletin supersedes Service Bulletin Nos. PG021-88, PG015-89, PG0015-90, PG002-91, PG002-93, PG005-97, PG007-01, PG007-07, PG006-01, PG004-97, T-SB-0144-08, and T-SB-0304-17.

The aforementioned bulletins are obsolete, and any printed versions should be discarded.

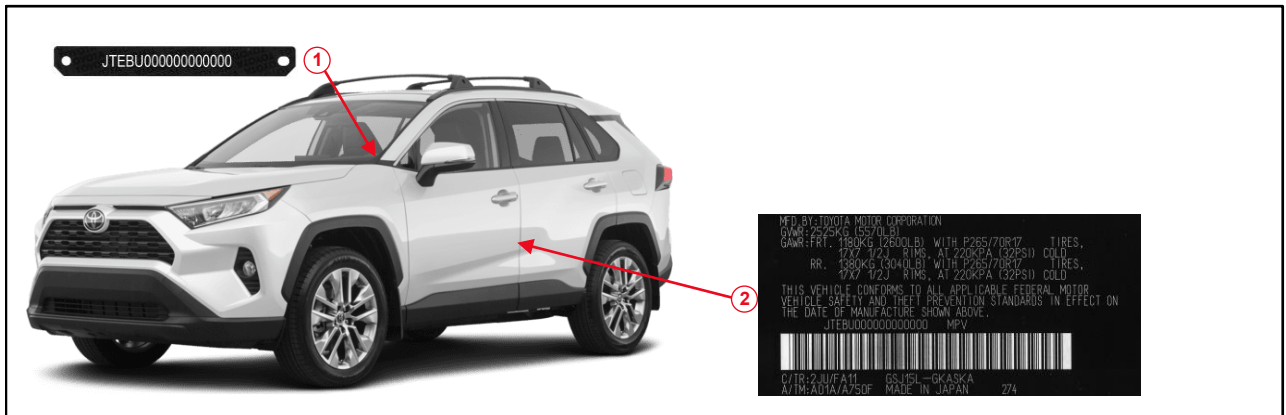

Introduction

Replacement certification labels (the vinyl label installed on the driver door or door post) and VIN plates (the metal plate riveted to dashboard) (see Figure 1) for most 1979 – 2023 model year vehicles may be available provided the requests meet the criteria listed in this Service Bulletin. Follow the Procurement Procedure in this bulletin to request a replacement certification label or VIN plate.

NOTE

Replacement B-pillar certification labels are NOT available for 2020 and future model year Supra vehicles.

Replacement Certification Labels and VIN Plates

Replacement Certification Label and VIN Plate Criteria

A replacement certification label and/or VIN plate may be requested if:

- The vehicle was in an accident and the certification label and/or plate was damaged or attached to a part that will be replaced during the repair.
- The certification label and/or plate were stolen. Additional information is needed to process requests for stolen vehicles. See the stolen vehicle requirements below for additional requirements.

Stolen Vehicle Requirements

- A Field Technical Specialist (FTS) MUST contact Quality Compliance prior to reviewing the stolen vehicle.
- Vehicles that were stolen MUST be reviewed by an FTS.
- ALL submitted applications for stolen vehicles MUST have a police report.
- Provide photos of the following:
 - Frame or body stamped VIN numbers (when applicable).
 - Anti-theft labels.
 - A Techstream Health Check showing the VIN number; an FTS MUST run a Health Check.
 - The engine serial number.

ALL replacement certification labels and VIN plates for damaged and/or stolen vehicles are subject to approval by Toyota Technical Compliance. For more information, email Toyota Quality Compliance at Quality_Compliance@toyota.com.

Replacement Certification Labels and VIN Plates

Procurement Procedure

1. Verify that a replacement certification label and/or VIN plate may be requested.
 - A. Was the vehicle in an accident and/or was the label and/or plate damaged or attached to a part that will be replaced during the repair?
 - **YES** — Go to step 2.
 - **NO** — Continue to substep B.
 - B. Was the label and/or plate stolen?

See the Stolen Vehicle Requirements section, above.

 - **YES** — Continue to step 2.
 - **NO** — This bulletin does not apply. Continue diagnosis using the applicable Repair Manual.

2. Log into the [VIN Label and Plate Replacements](#) website.
 - A. Enter your dealer code.
 - B. New Users:
 - Enter the default password “XXXXXX.”
 - Click on LOGIN.
 - Follow the prompt to change your password.
 - C. Existing Users:
 - Enter your dealer code and password.
 - Click on LOGIN.

3. Click on Add New Request in the upper left-hand corner of the website.

Procurement Procedure (continued)

4. Complete your contact information.
 - A. The Dealer Name and Dealer Code fields will auto populate.
 - B. Type contact information into the appropriate blank fields:
 - First Name
 - Last Name
 - Address
 - City
 - State
 - Zip Code
 - Email Address
 - Phone Number

NOTE

ALL contact information **MUST** be provided **BEFORE** a request can be approved.

Figure 4.

The screenshot shows a form titled "Request a New Label or Plate" with a section for "Dealership Information". The fields include: Dealer Name (pre-filled), Dealer Code (pre-filled), First Name, Last Name, Address, Address 2, City, State, Zip Code, Email Address, and Phone Number.

5. Enter the VIN number.

Figure 5.

The screenshot shows a single text input field labeled "VIN Number".

6. Under Reason for Replacement, select a reason for the label request. The rest of the form is specific to the reason chosen.

Figure 6.

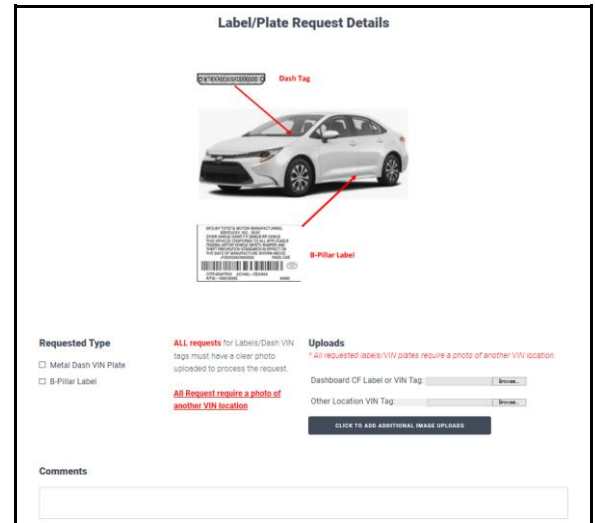

The screenshot shows a section titled "Reason For Replacement" with three radio button options: "Accident Damage", "Stolen", and "Other (Explain)". The "Accident Damage" option is highlighted with a red box.

Replacement Certification Labels and VIN Plates

Procurement Procedure (continued)

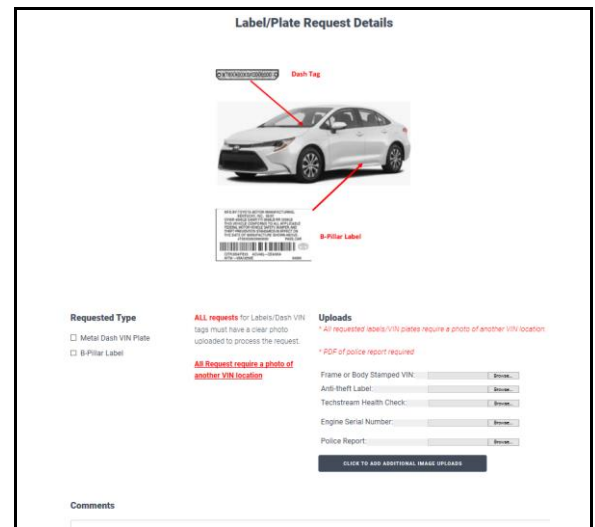

- A. For requests involving accident damage, upload images of the following:
- Dashboard CF label or VIN tag.
 - Other location VIN tag.

Figure 7.

- B. For requests involving stolen vehicles, upload images of the following:
- Frame or body stamped VIN number (when applicable).
 - Anti-theft label.
 - Techstream Health Check.
 - Engine serial number.
 - Police report.

Procurement Procedure (continued)

9. Enter any comments you wish to include with this request.

Figure 12.

A screenshot of a web form showing a text input field. The word "Comments" is written in blue text above the input field. The input field is empty and has a thin grey border.

10. Click on SUBMIT.

Figure 13.

A screenshot of a web form. At the top, the word "Comments" is written in blue text. Below it is a text input field containing the placeholder text "This is where comments are entered that provide further explanation." Below the input field are two buttons: "SAVE FOR LATER" and "SUBMIT". The "SUBMIT" button is a dark grey rectangle with white text, and it is highlighted with a red rectangular border.

11. Completed label request will be mailed to your dealership, average delivery time is 10 – 15 business days from the time the order was received.
12. Your dealer parts account will be billed \$60.00 for each replacement of a damaged or stolen label or plate.
13. For further assistance email Quality_compliance@toyota.com. ALL replacement certification regulation labels and VIN plates for damaged vehicles are subject to approval by Toyota Technical Compliance.
