October 4, 2023

To: All Mitsubishi Dealer Principals, General Managers, Service Managers & Technicians

Subject: Fourth 2023 Quarterly Technician Quiz – TQ042023

Mitsubishi Technical Training has launched the fourth 2023 Quarterly Technician Quiz. **TQ042023** will be available from October 1 – December 31, 2023, and dealer personnel *must successfully* complete this quiz no later than December 31, 2023.

MMNA has a long-standing tradition of familiarizing its dealer partners' technicians with critical technical documents that aid in repairing vehicles and will ensure vehicles are properly repaired the first time. The information in this quiz comes from the following documents which were released during the period of July 1 - September 30, 2023:

- Tech Talk Articles
- Technical Information Notices
- Technical Service Bulletins
- Safety Recalls and Service Campaigns

To answer the questions on the quiz, the technician will have the opportunity to open and review the source documents before providing an answer. This will help to ensure that the technicians have reviewed all current essential repair instructions, programming information, recalls, and Service Manual updates. Dealer technicians are provided credit for successful completion of the quiz as part of the Dealer Recognition Program.

Mitsubishi Technical Training is now assigning quarterly quizzes to technicians and trainees in the Academy. Please have dealer personnel check their email for notifications.

Thank you for your attention to this matter.
