

2023- 2024 MY MACH E
(BCM)
FPU 24-PU0121-FTDI-FX

What's In This Update?

Vehicle will be unavailable during this update.

[View details](#)

Priority Update - Battery Optimization

Battery and Remote Start Enhancements

• Your vehicle's battery management is now upgraded to optimize battery charge for receiving software updates, aiming to make the update process more seamless.

• Your FordPass personal profile now remembers your last settings, ensuring your Remote Start recalls your most recent profile to prepare your drive just the way you like it.

Software updates are designed to help make your vehicle better over time.
