END OF MESSAGE

Service Update

N232432960 Fuel Rail Pressure Sensor

Release Date: March 2024

Revision: 00

Attention: This service update includes vehicles in dealer inventory and customer vehicles that return to the dealership for any reason. This bulletin will expire at the end of the involved vehicle's New Vehicle Limited Warranty period.

Please note: There are only 12 involved VINs in this field action.

Make	Model	Model Year		RPO	Description
		From	To		
Buick	Encore GX	2024	2024		
Chevrolet	Equinox				
Chevrolet	Silverado 1500				
Chevrolet	Tahoe				
Chevrolet	TRAX				
GMC	Sierra 1500				
GMC	Terrain				
GMC	Yukon				

Involved vehicles are marked "Open" on the Investigate Vehicle History screen in GM Global Warranty Management system. This site should always be checked to confirm vehicle involvement prior to beginning any required inspections and/or repairs.

Condition	On certain 2024 model year Buick Encore GX, Chevrolet Equinox, Silverado 1500, Tahoe, TRAX, and GMC Sierra 1500, Terrain, and Yukon vehicles, the fuel rail pressure sensors may have been built with output shifts at various temperature and pressure ranges.
Correction	Dealers are to replace the fuel rail pressure sensor.

Service Update

N232432960 Fuel Rail Pressure Sensor

Service Procedure

1. Remove the Fuel Rail Pressure Sensor. Refer to *Fuel Rail Pressure Sensor Replacement* in SI.
2. Install the Fuel Rail Pressure Sensor. Refer to *Fuel Rail Pressure Sensor Replacement* in SI.

Dealer Responsibility

Whenever a vehicle subject to this service update enters your vehicle inventory or is in your facility for service in the future, and the vehicle is still covered under the New Vehicle Limited Warranty, you must take the steps necessary to be sure the service update correction has been made before selling or releasing the vehicle.

All new, used, GM Certified Pre-Owned (CPO), courtesy transportation vehicles, dealer shuttle vehicles, CarBravo, etc. in dealers' possession and subject to this field action must be held and inspected/repared per the service procedure of this bulletin before customers take possession of these vehicles. Involved vehicles must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration, or any other purpose.

All GM Certified Pre-Owned (CPO) vehicles currently in the dealers' inventory within the SHIFT Digital system will be de-certified and must be held and remedied per the service procedure in this bulletin. Upon submitting an accepted/paid warranty transaction in the Global Warranty Management (GWM) system, the vehicle can be re-certified for sale within the SHIFT Digital system, or once again be used in the Courtesy Transportation Program.

Dealer Reports – For USA & Export

The Inventory tab of the Open Vehicle Report will contain Service Update Bulletin VINs that apply to this field action. This information is intended to assist dealers with the **PROMPT COMPLETION** of these vehicles. The Customer In-Service tab will not contain Service Update Bulletin VIN data because the intent of a Service Update Bulletin is to not inconvenience a customer with a special trip for service. Service Update Bulletins are to be completed when the customer is in for a regularly scheduled visit.
