MASTERS OF CARE

End of swap for MDEVO (1st generation)

DATE: February 19 2023

Dear Sirs,

After nine years since the introduction of the EVO (1st generation), we want to inform you that Panasonic can no longer guarantee the repair of the hardware. Consequently, the swap service may be discontinued in 2024 as replacement component stocks are depleted.

The 1st generation of MDEVO can be identified by the serial number:

CF-D1Gxxxxxx

CF-D1Nxxxxxx

All MDEVO units will remain fully functional on all Maserati vehicle models, updated by the software distribution, and supported by the Maserati Diagnosi Helpdesk (Bosch).

MDEVO 2 and MDEVO 3 shall continue to be covered by the swap service.

If you have any questions, contact your Regional AfterSales Manager (RAM) or the Technical Support Helpdesk. MaseratiTechSupport@maserati.com.
