

## Service Bulletin

File In Section: 09 - Restraints

Bulletin No.: 08-09-41-006A

Date: February, 2009

# TECHNICAL

**Subject:** SIR/Airbag Light Illuminated, DTC B0081 (Passenger Presence System (PPS) Code) Stored (Inspect PPS System Connectors)

**Models:** 2006-2009 Chevrolet Cobalt, HHR  
2006 Pontiac Pursuit (Canada Only)  
2007-2009 Pontiac G5

**This bulletin is being updated to add model years. Please discard Corporate Bulletin Number 08-09-41-006 (Section 09 — Restraints).**

### Condition

Some customers may comment that the SIR light is illuminated.

Upon investigation, the technician may find the following Passenger Presence System code codes stored:

- DTC B0081 3A: Passenger Presence System Incorrect Component Installed
- DTC B0081 39: Passenger Presence System Internal Electronic Failure
- DTC B0081 71: Passenger Presence System Invalid Serial Data Received
- With Passenger Presence System (PPS) Flash Code of DTC 023

**Note:** You will only find this DTC 023 by going through the (PPS) menu

### Correction

Technicians are to inspect the electrical connections to all the PPS components.

1. Inspect the PPS module connector, the pressure sensor connector and the seat connector (all located under the front passenger seat).
2. Inspect the connector of the belt tension sensor (BTS) that is part of the retractor assembly (located between the floor pan and the carpet under the front passenger seat).
3. Clear the codes.
4. Verify that the DTC does not reset.

### Warranty Information

For vehicles repaired under warranty use:

Labor Operation	Description	Labor Time
N6624	Wiring and/or Connector – Occupant Safety — Repair or Replace	Use Published Labor Operation Time

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, **DO NOT** assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
