This communication is to inform you of Updates 17D9, 24T4 and 24T3.

What vehicles are affected?

There are 151,464 vehicles affected in the U.S. by this Update.

Of the affected vehicles, the following are in dealer inventory:

New Vehicle Inventory: 0

What is the issue?

On certain Audi vehicles with the TFSI engine manufactured within a specific period it is possible that pressure control valve, fuel pressure sensor or the IMRC motor may fail.

What does the repair procedure involve?

Replace the parts that may fail as directed by the Update procedure.

When will the Update be available?

Update 17D9, 24T4 and 24T3 will be visible in ElsaWeb and ServiceNet on or about March 6, 2012.

Please refer to the ElsaWeb campaign/action screen for confirmation of whether the update applies to each specific vehicle. Additionally, Update 17D9, 24T4, and 24T3 is posted on ElsaWeb and ServiceNet for additional information and complete repair instructions.

Consistent with general Audi corporate policy governing Updates, Audi is not notifying consumers. (Updates differ from recalls and service actions; consumers are notified in writing of recalls and service actions.) Each vehicle should be completed when it is in to the dealer for maintenance or any other service visit. Dealer stock vehicles **cannot, however, be delivered** to consumers until the Update is completed.
