

**ONLINE AUTOMOTIVE SERVICE INFORMATION SYSTEM
FOR SEPTEMBER 2013**

44208 2013-2014 F-Super Duty - 6.7L Diesel - Diagnostic Trouble Codes (DTC) P2201, P229E, P06EA, P06EB, P22A7, P220F - NOx Sensor And Module Replacement

Some 2013-2014 F-Super Duty vehicles equipped with a 6.7L Diesel engine may exhibit the Malfunction Indicator Light (MIL) on with DTC(s) P2201, P229E, P06EA, P06EB, P22A7, P220F. If any of these DTCs are present, replace the corresponding Nox sensor and NOx module as a matched set without disconnecting the NOx module from the NOx sensor. Do not discard the old parts as they will be called back for returned part analysis.
