| FRONT SEAT BELT ATTACHING INSTRUCTIONS - SERVICE MANUAL REVISION: REVISED | | | DATE: February, 2015 |
| | | | MODEL: See Below |
| CIRCULATE TO: | <input type="checkbox"/> GENERAL MANAGER | <input type="checkbox"/> PARTS MANAGER | <input checked="" type="checkbox"/> TECHNICIAN |
| <input checked="" type="checkbox"/> SERVICE ADVISOR | <input checked="" type="checkbox"/> SERVICE MANAGER | <input type="checkbox"/> WARRANTY PROCESSOR | <input type="checkbox"/> SALES MANAGER |

This bulletin supersedes TSB-11-52A-004, issued November, 2011 to add information for the outer seat belt on the front passenger's side seat. The Affected Vehicles list was also expanded to include additional models. Revisions are not indicated as this bulletin has been completely re-written.

PURPOSE

The lower front seat belt attaching method and the seat belt bolt tightening torque is incorrect in the 2011 – 2012 Outlander Sport service manual. The correct torque specification is 5.0 ± 1.0 Nm (44 ± 8 in/lb).

Also, all affected service manuals will be updated with information for the outer seat belt on the front passenger's side seat to clarify the front seat belt installation and removal procedure.

This bulletin provides the corrected information.

AFFECTED VEHICLES

2006 Eclipse
 2006 – 2015 Lancer
 2009 – 2015 Lancer Sportback
 2008 – 2015 Lancer Evolution
 2007 – 2013 Outlander
 2011 – 2015 Outlander Sport / RVR
