2012-2014	Camry HV	2012-2014	Corolla

CONDITION

Some customers may report the following conditions with the Podcast application on iPhones running iOS 7.0 and later:

- While playing a podcast the system will jump to the next podcast
- Podcast will intermittently restart at the beginning of the current podcast

RECOMMENDATIONS

Customer's experiencing this condition can use a 3rd party podcast application on their iPhone (such as Pocket Casts or Instacast) instead of the native Apple Podcast application.
