TECHNICAL SERVICE BULLETIN

SUBJECT: SERVICE ACTION: 2014~2016MY SOUL (PS) AND SOUL (PS EV)
REAR CENTER SEAT BELT WEBBING GUIDE REPLACEMENT (SA 206)

This bulletin provides the procedure for the replacement of the seat belt webbing guide for the rear center seat in 2014~2016MY Soul (PS) vehicles, produced from July 21, 2013 through September 15, 2015, and some 2014~2016MY Soul EV (PS EV) vehicles, produced from November 26, 2013 through September 03, 2015. Some customers have identified that the webbing in the subject Soul vehicles may twist in the webbing guide slot and interfere with the free movement of the belt. To address this concern, Kia is launching a Service Action to replace the rear center seat belt webbing guide with one that has a narrower slot.

* NOTICE

A Service Action is a repair program without customer notification that is performed during the warranty period. Any dealer requesting to perform this repair outside the warranty period will require DPSM approval.

Repair status for a VIN is provided on WebDCS (Service> Warranty Coverage> Warranty Coverage Inquiry> Campaign Information). Not completed Recall / Service Action reports are available on WebDCS (Consumer Affairs> Not Completed Recall> Recall VIN> Select Report), which includes a list of affected vehicles.

This issue number is SA 206.
