Subject: Update - Subaru Recall Campaign WQA-37: Forester Rear Seat Center Seatbelt

Subaru has prepared a new repair kit for the WQA-37 campaign. As a result, there are two separate WQA37 Seatbelt Kits available, Kit 1 or Kit 2. Only one kit is needed for each vehicle and either one is acceptable for completing this recall. Kit 2 will be introduced when inventory of Kit 1 has been depleted.

Please refer to the revised WQA-37 Campaign Bulletin posted on STIS for additional information and part numbers. The revised bulletin includes installation instructions for both Kit 1 and Kit 2.
