CONDITION

Refer to the chart below for a comprehensive list of the current and previously issued USB SSTs and their applicability. This is only a reference list of tools that might be in dealership inventory and not meant to be a diagnostic or repair procedure.

Generation 7 navigation systems use a USB SST to update the firmware and map.

Generation 8 navigation system models use a USB stick to update the firmware ONLY.

RECOMMENDATIONS

The following chart lists all active and superseded USB upgrade/update SSTs for Lexus vehicles:
