Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

JAGUAR/F-PACE/2021-2022

**Mfr's Report Date:** July 21, 2022

**NHTSA Campaign Number:** 22V-525

**Components:**

EXTERIOR LIGHTING:TAIL LIGHTS  
EXTERIOR LIGHTING:TURN SIGNAL

**Potential Number of Units Affected:** 5,297

**Problem Description:**

Jaguar Land Rover North America, LLC (Jaguar) is recalling certain 2021-2022 Jaguar F-PACE vehicles. The incorrect tail lights may have been installed, resulting in rear turn signals that do not illuminate properly. As such, these vehicles fail to comply to Federal Motor Vehicle Safety Standard (FMVSS) number 108, "lamps, reflective devices, and associated equipment."

**Consequence:**

Improperly illuminated rear turn signals can reduce vehicle visibility to other drivers and increase the risk of a crash.

**Remedy:**

Dealers will inspect and replace the tail lights, as necessary, free of charge. Owner notification letters are expected to be mailed September 16, 2022. Owners may contact Jaguar customer service at 1-800-452-4827. Jaguar's number for this recall is H404.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
