Pursuant to USC49CFR §577.13 – Notification to Dealerships and Distributors – Paragraph B

“It is a violation of Federal Law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by the notification under a sale or lease until the defect or noncompliance is remedied. Substantial civil penalties apply to violations of this law.”

–Legend Manufacturing’s motorized and towable products are contained in this section–

The Corporate Compliance Officer has decided that a safety defect exists in certain 2022 Thunder V-Nose (TV) Series and Explorer V-Nose (EV) Series cargo trailers. Legend Manufacturing is recalling the defect model(s) to ensure the safety of our future retail consumers and your dealership.

Legend Manufacturing apologizes for any inconvenience this action may cause your dealership; however, safety continued satisfaction and our commitment to building premium trailers are of the utmost importance to Legend Manufacturing.

The designated date range of production is 09/15/2021 through 02/04/2022.

DEFECT/NONCOMPLIANCE:

The coupler was not properly welded by vendor; this could lead to vehicle separation.

EVALUATION OF RISK:

If the coupler fails and the trailer separates from the tow vehicle, this could lead to a crash, injury and/or property damage.

IMPORTANT SAFETY RECALL

SERVICE PROCEDURE:

Dealership Service Department procedures to inspect and/or replace the coupler are as follows:

Customer will send LEGEND MANUFACTURING a picture of the underside of the coupler. If the coupler was only spot-welded it will appear as follows:

If any spot welds like on this coupler, these need to be pulled out of inventory and not used.

If the coupler appears to be spot-welded only, the trailer should not be towed. The coupler must be replaced where it is located. If this situation exists, LEGEND MANUFACTURING will reimburse dealer for travel time to the customer and back, plus two hours to replace the coupler.

IMPORTANT SAFETY RECALL

If the coupler was properly welded, it appears as follows (no further action is required):
